HYDRAULIC FRACTURING

A GOVERNMENT EDUCATIONAL PROGRAM

A Hydraulic fracturing campaign which looks to communicate and educate the local community of the good and bad aspects of fracking. This was designed to be an activist campaign, supporting the "idea" of Hydraulic Fracturing. But, as a process we believe that it causes more harm than good to the people's community. The notion within the campaign is designed to be tender and aggressive simultaneously; by which, the colours, typefaces and the shared relation between all graphic elements must share a bold disruptive voice. This is additionally communicated through the imagery brochures and banner designs. I had the opportunity to construct and lead this project as the team leader.

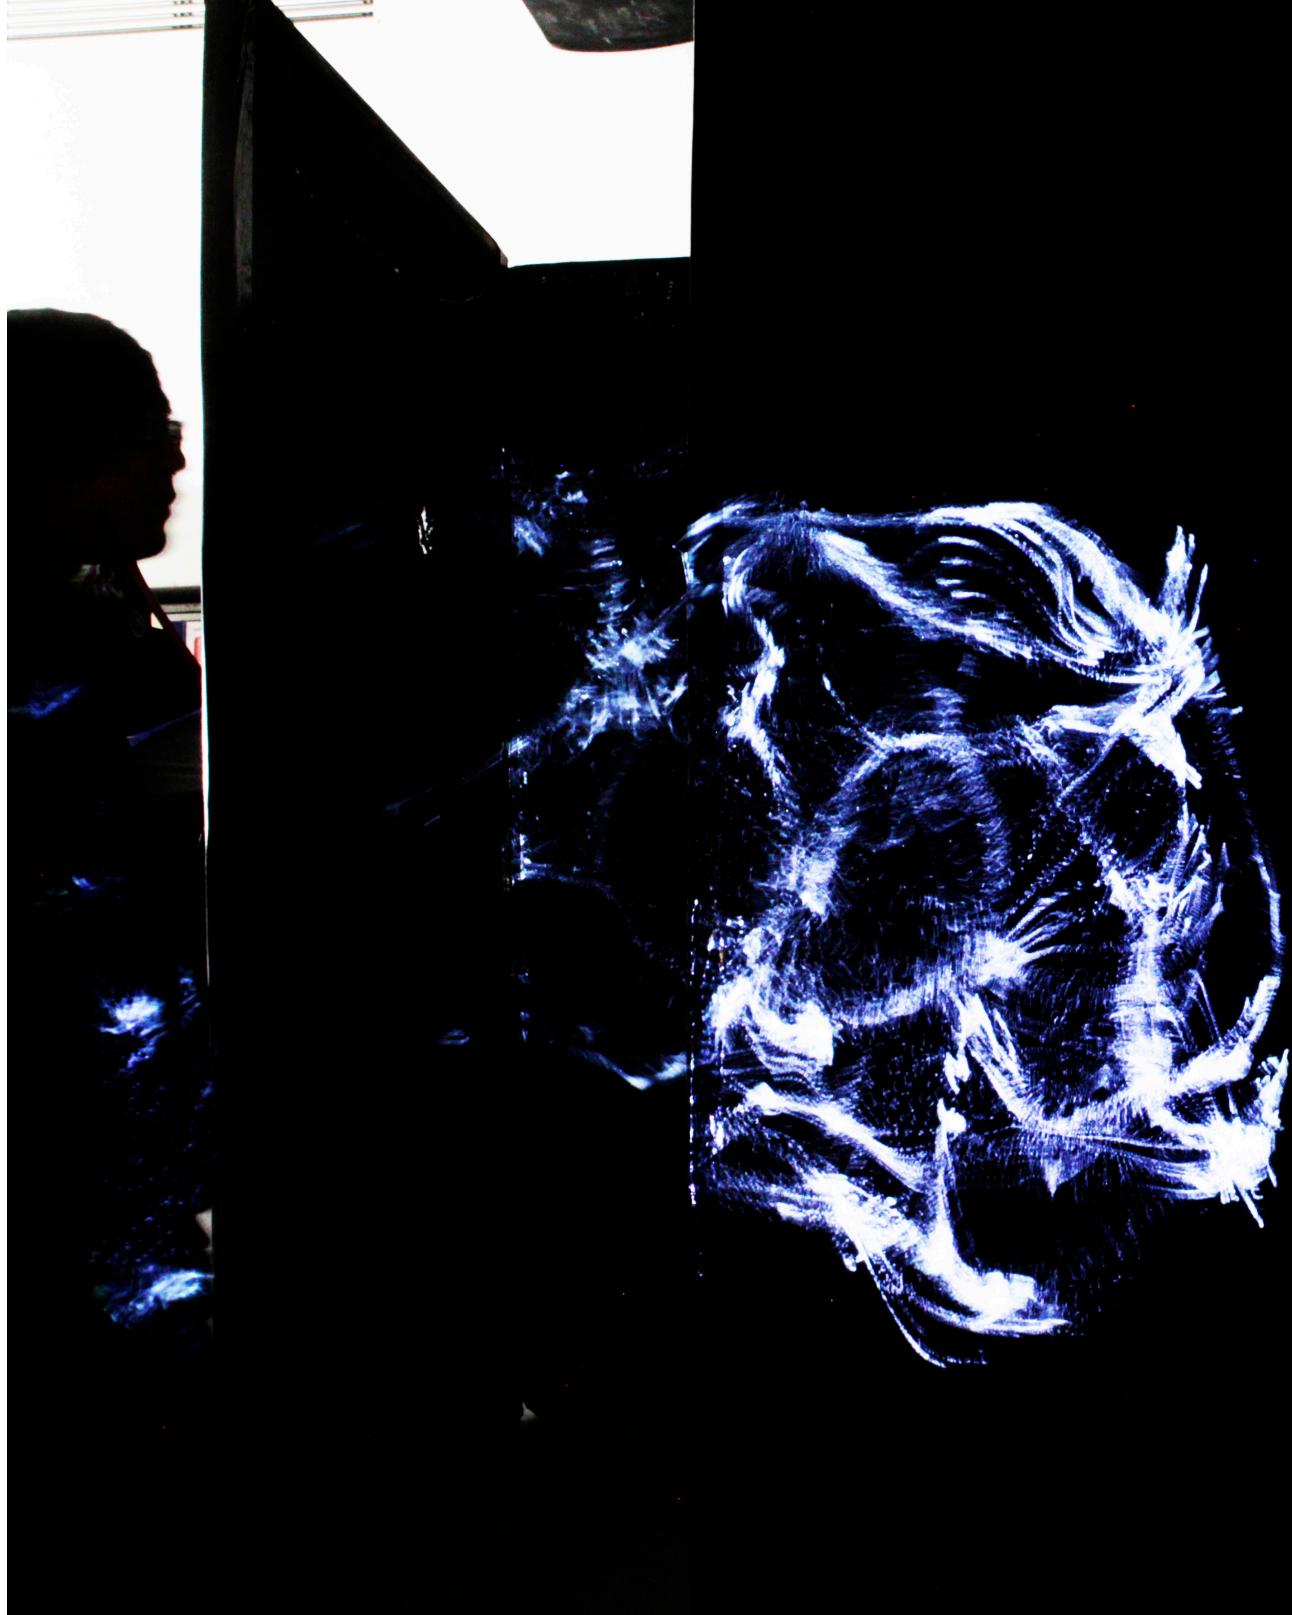

EXHIBITION DESIGN

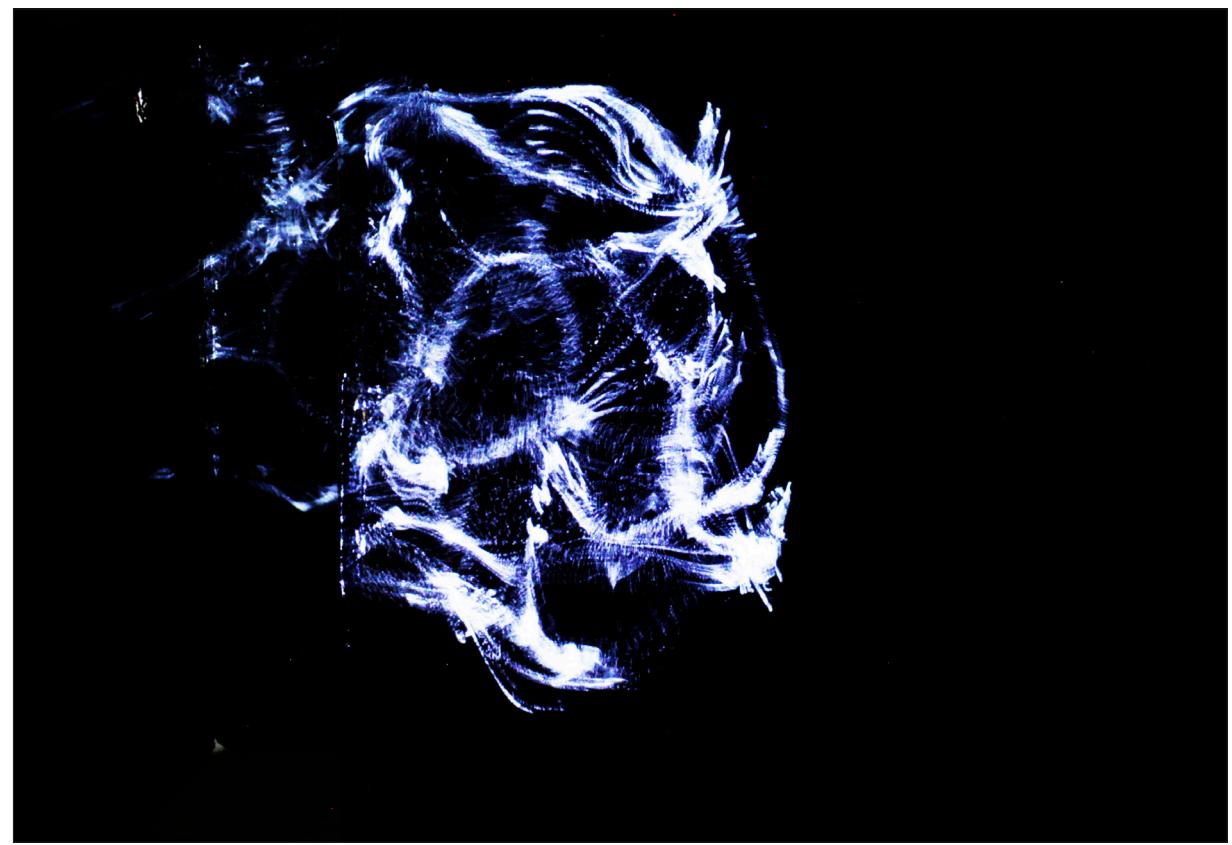

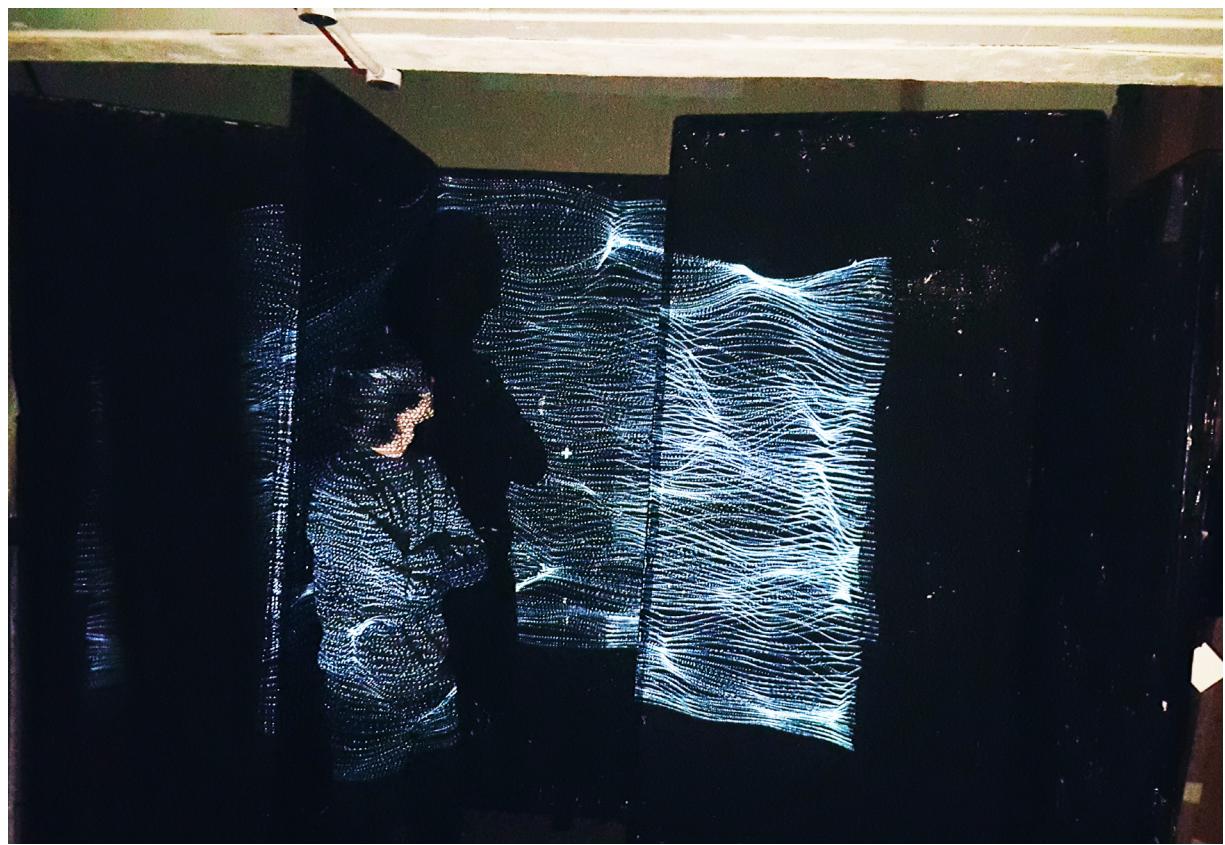

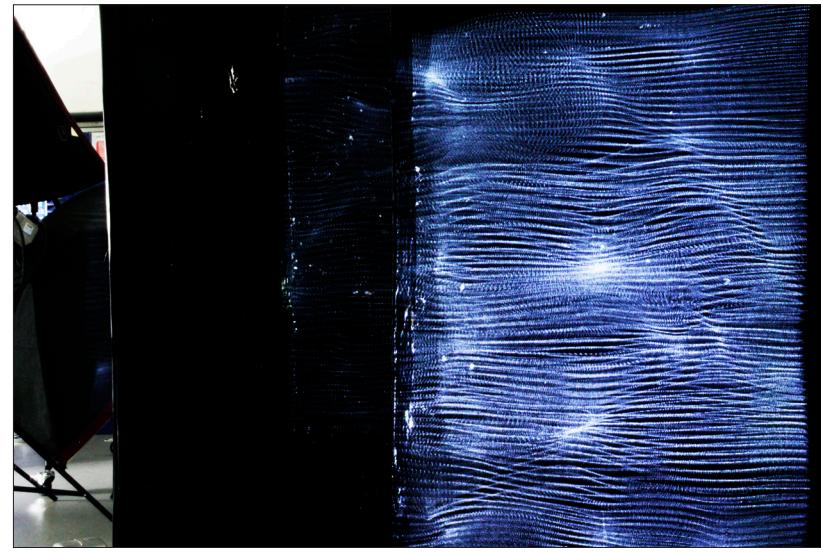

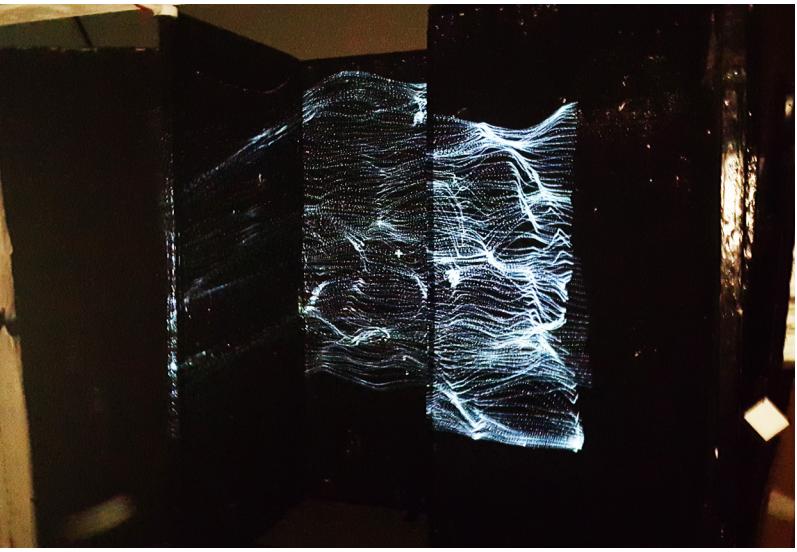

HUBBLE SPACE TELESCOPE 25TH ANNIVERSARY

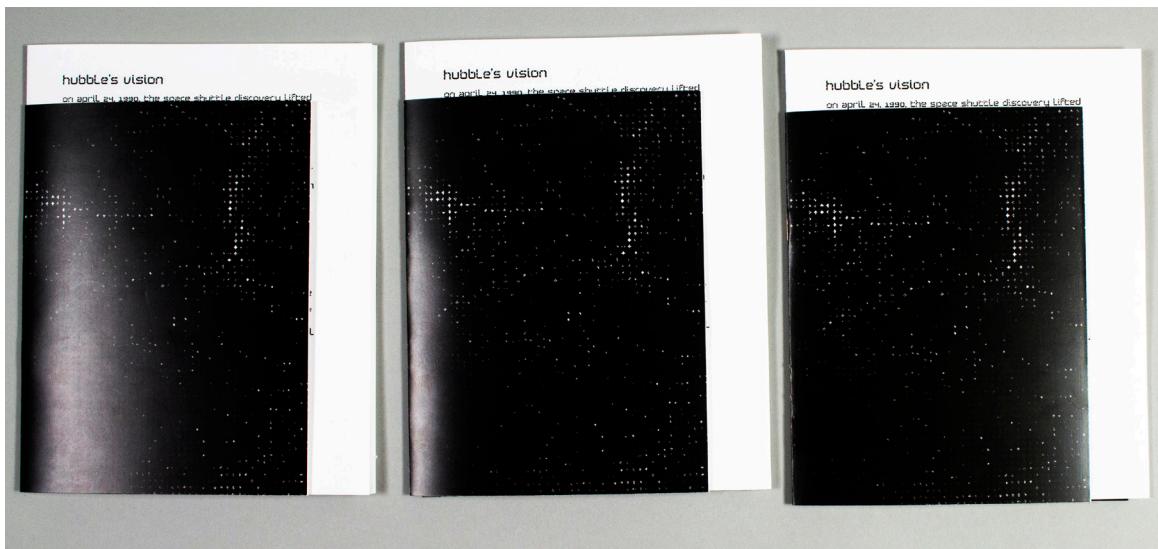

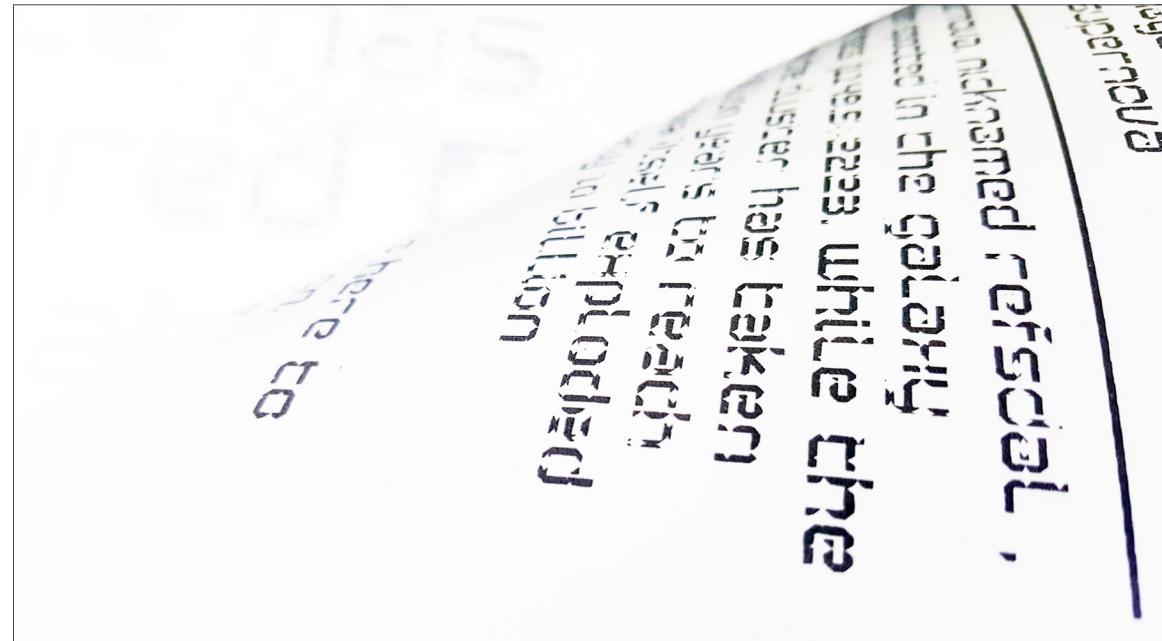

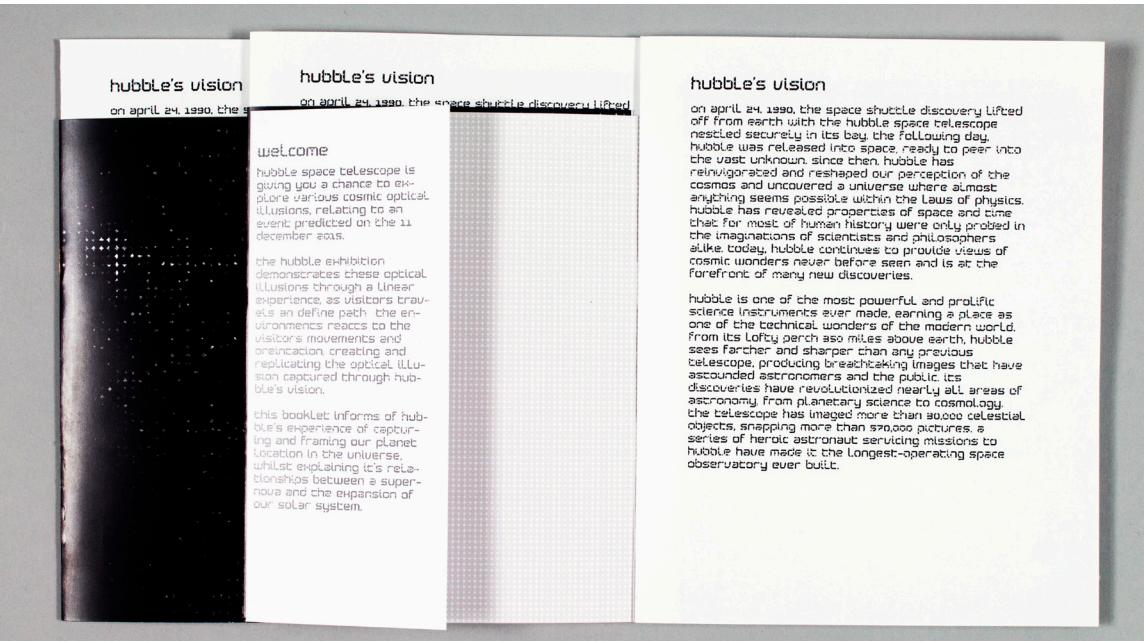

The Hubble exhibition is design to celebrate Hubble's 25th anniversary since launched. The exhibition was designed, focusing on a recent event that occurred on the 11th of December 2015.

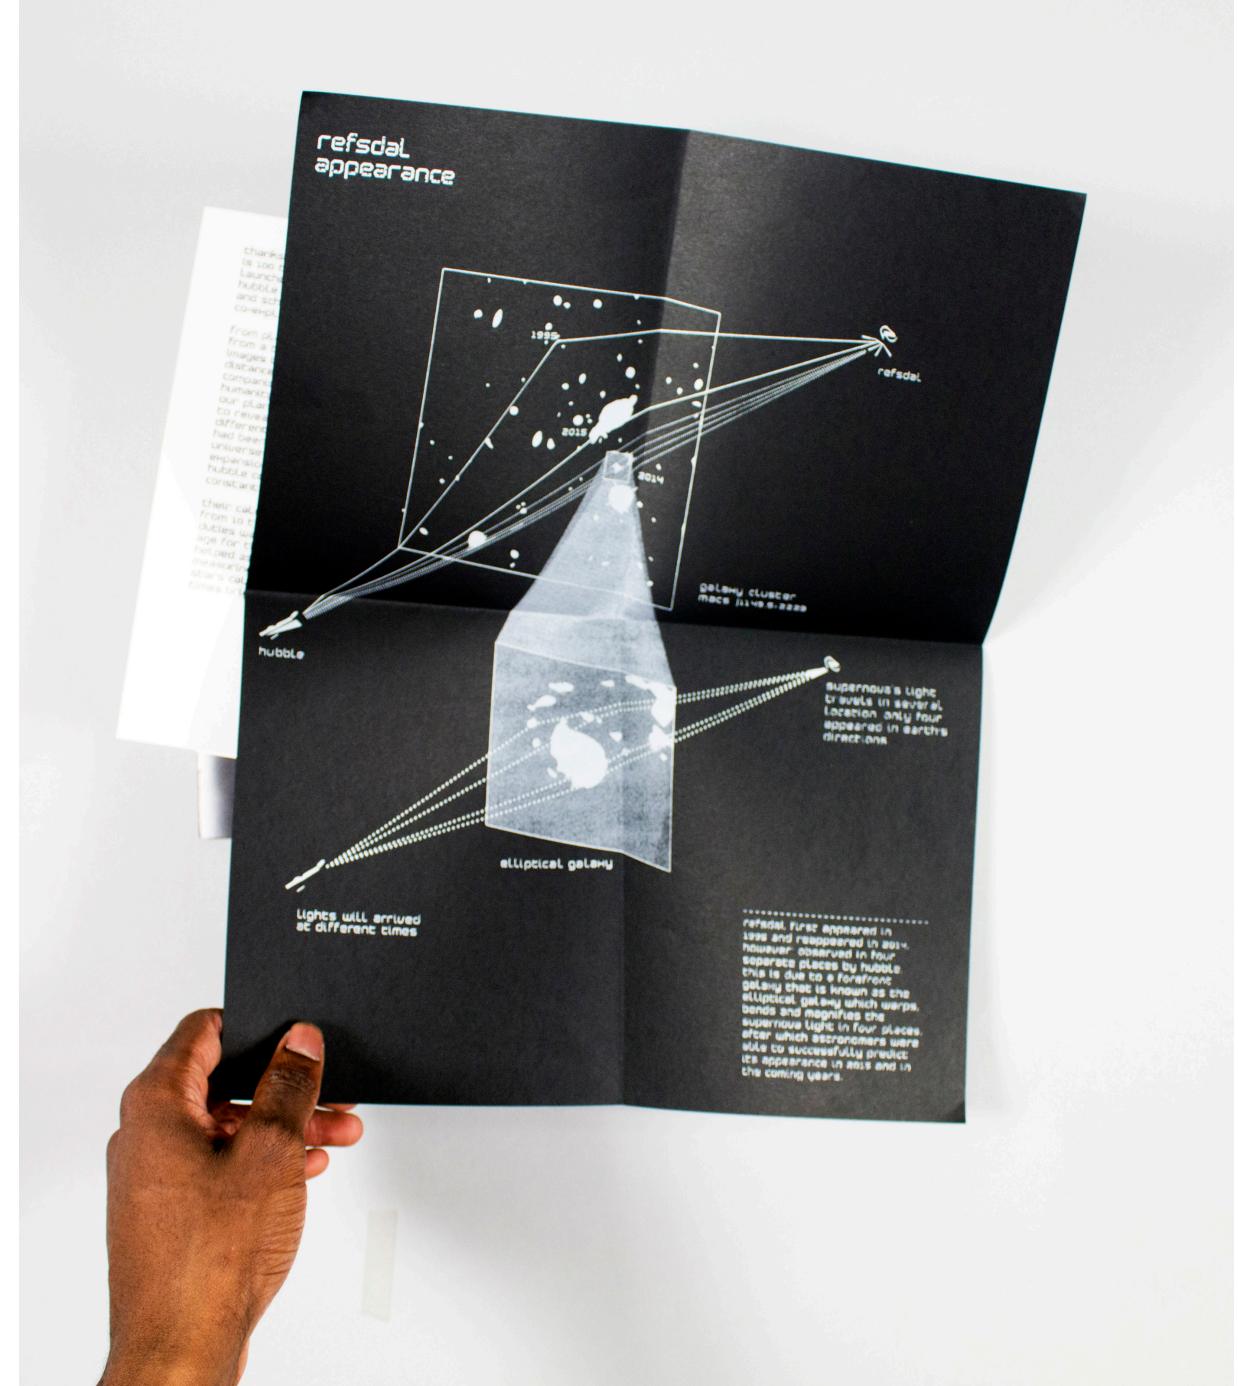

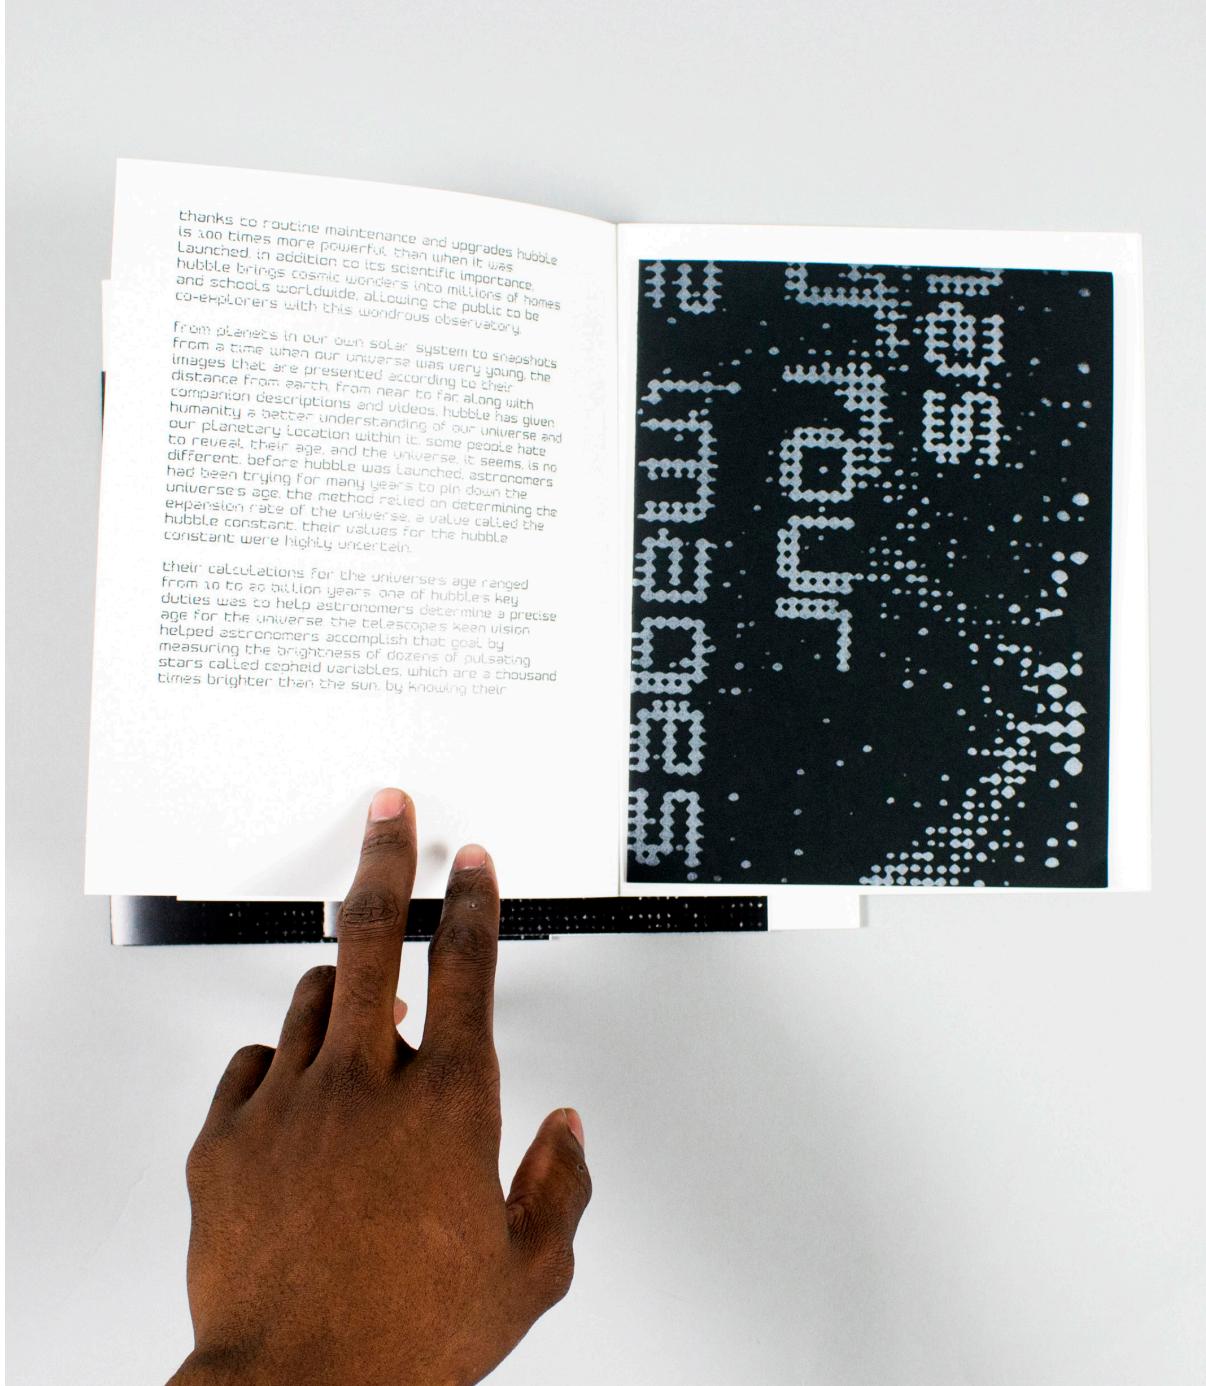

THE BRIEF & SOLUTION

The challenge of the brief, that I wrote was to design and utilised all the scientific information relating to this particular event, since there aren't any High resolution images released from NASA. The solution was to create a linear journey in which multiple interactive environment that relates and demonstrate the notion relating to the event. The environments were coded using processing; additionally, there were designed posters, booklets/ with an insert depicting the appearance of a supernova that cause this event. But also, I had design a modular typeface using negative space to create a optical illusion, to supported and strengthen relationship to the written information from NASA. All graphic elements are design in relation to the information and to compliment the design of the environments. All elements were design to support the voice of the exhibition.

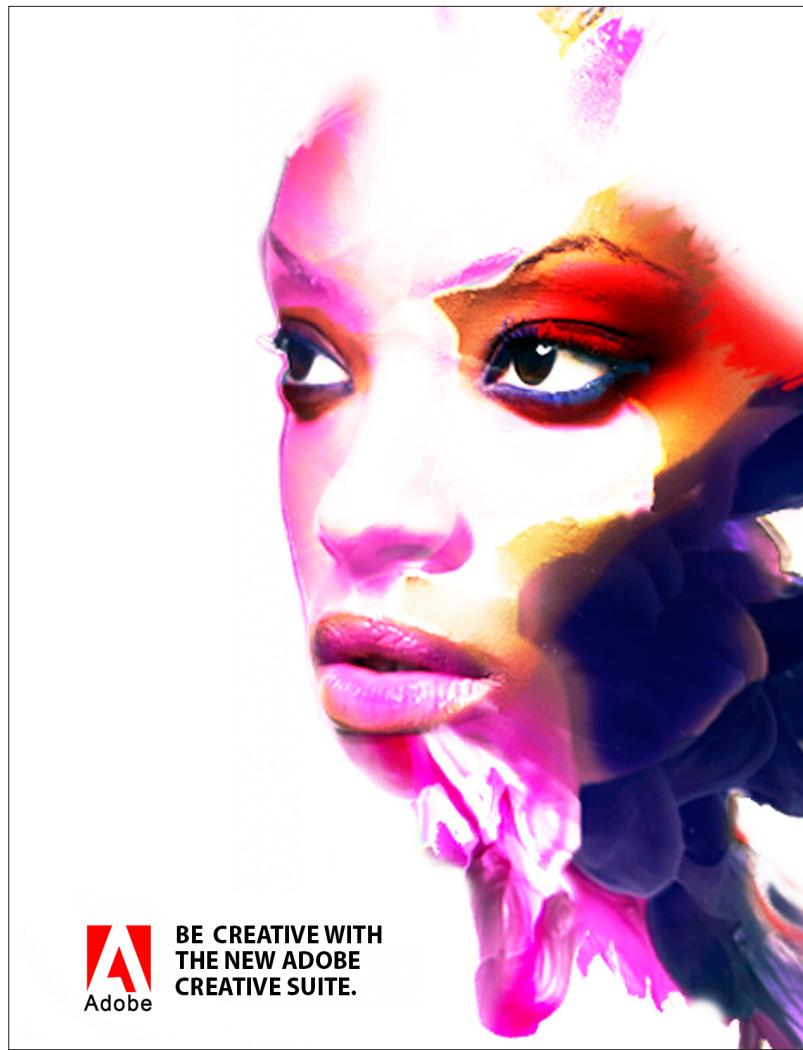

ADOBE CREATIVE SUITE

ADVERTISING

The challenge of this brief was to create a poster that demonstrate the power of adobe creative suite. The solution was to designed using both Illustrator, Photoshop and indesign to create an energetic and creative artwork to be display across shopping mall and similar like environments. As these environments are supposedly busy: an artwork was created to capture attention with little to no wording.

CRITICAL MASS NEWS

GREEN WEEK NEWSPAPER

Critical Mass was built and design around the student's stories; young people who felt the need to express their concern about the issues they face and subjective matters which would concern everyone else. It was published and distributed throughout the five UAL campuses and various areas within central London. A max of two thousand copy was printed and distributed.

BRAND / IDENTITY

HEMODIALYSIS TREATMENT IN CHINA

The motive of this project captured and framed the creation of the brand / identity of a specialist clinic based in China. This project was created by three additional designers. We had produced the stationeries and company's digital brand guideline for the in house team. My main role was to design all adverts/ banners and commercial related graphics.

IDENTITY & INFORMATION

DESIGN INFORMATION FOR 2016 SUBMIT

The challenge of the brief was to design information and an identity for the upcoming submit, that depicts and discussed the “six critical drivers of global change” stated within Al Gore’s book. The challenge was to carefully show the convergence of three chapters in the book.

SOLUTION

The solution was to design a wall chart that demonstrates the interaction of the three selected drivers of change; depicting the influence of one chapter onto the other. This notion was presented through a timeline... Displaying the human population growth and the consumption of technology, but also how the increase in consumption affects medical advances, jobs loss and new emerging technologies. From the Gestalt theory and other influences, I had hand drawn a logotype that works and compliment the information that was designed. Additionally an identity guideline was then produced for the submit.

The Identity & Colour Scheme

Pattern & Motions

Pattern must run from left to right, unless specified otherwise.

Applications

the future
The critical drivers of global change

The global population of old people is due to skyrocket by mid-century, as people live longer and fertility rates go down. By 2050, one in every six people on earth will be over 65.

REPRESENTING SOUTHWARK

INFO-GRAFICS

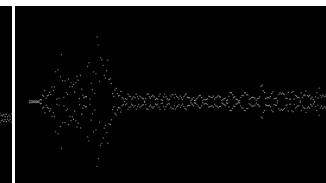

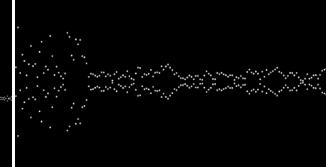

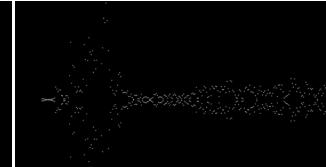

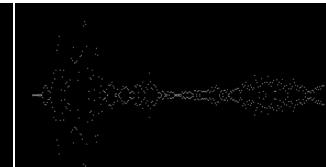

Using info graphics to communicate the energetic feel of an area in central London [The Cut / Southwark]. The selected Building and stores represent the area well; due to their contribution to the community and the atmosphere surrounding those particular buildings.

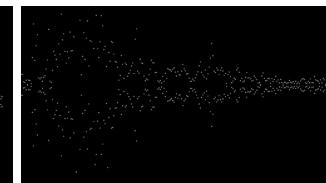

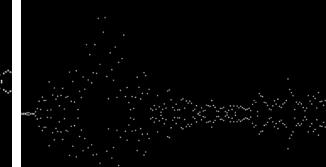

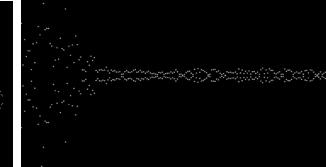

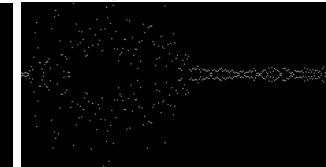

**BIG APPLE HOT
DOGS TO GO**

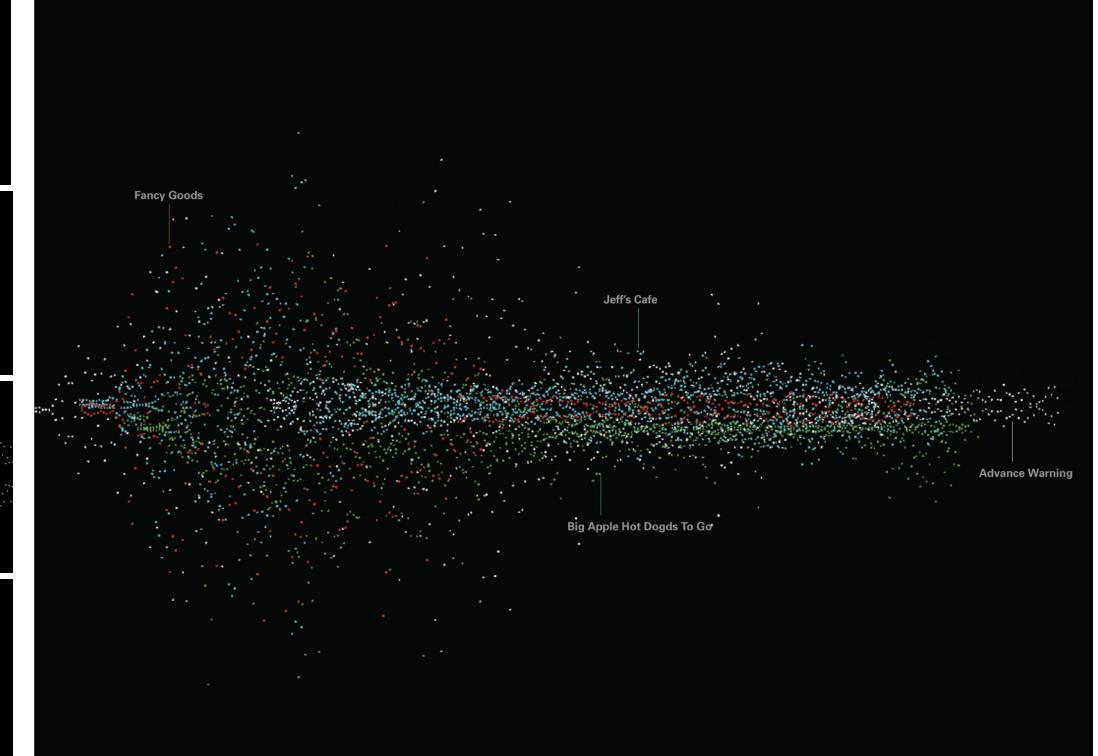

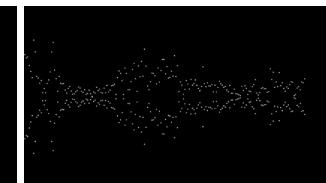

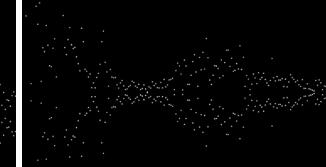

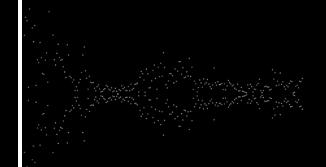

**JEFF'S
CAFE**

**FANCY
GOODS**

**ADVANCE
WARNING**

Each sound frequency are recorded four hours apart. Starting from 12pm midday to 12 am midday from Monday to Thursday... These four days are selected due to the amount of visitors that interact and travels by the buildings. Each frequency was given a colour, alongside the name of the building juxtaposed to create the visual to the right.

A large, abstract graphic element consisting of several overlapping circles in varying shades of teal and white, creating a dynamic, organic shape.

EXPERIENCE

ASSISTANT TEACHER - LONDON COLLEGE OF COMMUNICATION

August 2015 - April 2016

During the academic terms, I was offered the opportunity to teach typography and graphic design as an assistant teacher on the summer programs; whilst being a mentor to incoming students and below years. (My recent role was to design a program and to teach as an assistant tutor to the thesis / design groups of the year two students).

GRAPHIC DESIGNER/ TG TRADING

August 2015 - November 2015

Worked along side four talent designer to create a brand / identity for a Hemodialysis Treatment Centre in China.

DORLING KINDERSLEY PUBLISHING / PENGUIN GROUP

September 2014 - July 2015

Worked with the knowledge team to assist in the completion of book dummies for the London fair. Additionally, I was assigned to design and completed elements for the picture pedia-books. (Illustrations / icons & editorial design)

DESIGN INTERN/ NEWSTATEMAN

December 2014 - January 2015

Researching and creating political content, for the magazine pages, being critical and analytical to each page. This position was held whilst working along side the editorial team.

CREATIVE DESIGNER / TECHMIX MAGAZINE

August 2014 - December 2014

Creating and editing content for clients, presenting the companies ideas and philosophy, whilst researching into the current market and analysing new ways for revenue / income. (Designing Presentations / brochures and advertising graphic)

STUDENT AMBASSADOR / UNIVERSITY OF ARTS LONDON

September 2012 – November 2014

I became a Student Ambassador and joined the University's program where I undertook various roles which included mentoring other students from the University and partner Colleges, creating and working at events and managing public relation via good communication.

ASSISTANT/ BANK OF AMERICA

September 2010 - January 2011

Working with the child line help line and designing the community logo, I was given a chance to have an interview with bank of America. My role was simple, to work with the customers and cater to their needs, utilizing my communication skills as a method of means.

ASSISTANT/ CHILD HELP FOUNDATION

January 2010 - July 2010

Trained and worked with child help line at the end of high school for couple of months, this thought me how to communicate to both young and old. My role was to work alongside, students my age, bringing better communication to the young ones who need advice and assistance.
